Work to gain IQM

Accreditation recognised

This course recognises work already completed in pursuing IQM accreditation. It leads to the award of PGC in Promoting Inclusive Education and links directly to the PG Diploma and, ultimately, to the final year of the MA in Inclusive Education.

Online format guarantees ease of access for all

This course has intentionally been designed in an online format to enable colleagues from all IQM schools to attend regardless of location, thus making it more inclusive and attracting a variety of colleagues across different phases and local authority areas from schools right across the UK.

Your prior qualifications will be recognised

If you already hold prior qualifications at L7, and these have been completed within the last 5 years, it is possible to gain accreditation of prior learning from the University thus enabling you to complete the course in less time. This will be clarified during the application process.
